

Mad Hatters

Extreme and Adverse Weather Conditions

In the event of extreme weather conditions nursery will remain open as far as reasonably safe for children and staff.

If the closure of the nursery is required a decision will be made either the night before to allow parents and carers to make suitable arrangements, or on the morning of day of the extreme weather.

We will always endeavour to open the nursery where it is deemed safe to do so by the manager of the setting. In return we would expect co-operation of parents and carers to ensure suitable arrangements for collecting their children on time are made allowing for the disruption of commuting, so nursery staff are able to make a safe journey home on time. If weather conditions worsen throughout the day a decision can be made for early closure of the nursery. In the event of this happening parents and carers will be contacted by telephone with details of the closure.

Closure of the nursery, whether for the full or part day, remains at the discretion of the nursery manager.
